EDITORIAL

THE Field Club is indebted to the Department of the Environment for a grant towards the cost of publishing the paper by P. Ashbee, p. 5-18, to the Warden and Fellows of Winchester College for a grant to cover the cost of plates for the paper by E. C. Norton, p. 23-41, and to the Southern Arts Association for a grant towards the cost of publishing the paper by P. Ranger, p. 65-108.

The editors hope to publish *Proceedings*, Vol. 32, for 1975, later in the year, thus bringing publication of the Proceedings back up to date. The contents of this volume will include articles by Michael Hare on the early Saxon church at Titchfield and by Professor Rosalind Hill on the history of the Manor of Stockbridge. Subsequent volumes will contain a series of reports on recent archaeological excavations on the line of the M3 Motorway north of Winchester.
