

## A CLASSIFIED AUTHOR AND TITLE INDEX TO PROCEEDINGS 61–70 (2006–2015)

and to other Field Club publications issued during the period

By ANTHONY KING

This index follows on from the author and title index to *Proceedings* 51–60, published in 2005. The format is also the same, with the articles listed alphabetically by author under broad subject headings. However, the old headings of Post-medieval (up to c. 1750), and Modern (from c. 1750) have been rearranged, in view of the number of articles under both of these headings: they are now classified by century, as follows, 16<sup>th</sup> and 17<sup>th</sup> Century, 18<sup>th</sup> Century, 19<sup>th</sup> Century, 20<sup>th</sup> Century.

The publications indexed are *Proceedings* (*Hampshire Studies*), abbreviated as **P**, the *Newsletter* (**N**) numbers 44 (2005) to 63 (2015), the *New Forest Report* (**NFR**) numbers 43 (2005) to 45 (2007), and the *Monograph Series* (**Monog**) numbers 11 and 12. Also included in this index are the Reports of the New Forest History and Archaeology Group (**NFHAGR**), 1 (2008) to 7 (2015), which succeeded the New Forest Section of the Field Club in 2008. All substantive articles in these publications have been listed, with the exception of editorials, book reviews, ephemeral news, etc.

This index is also available on the Hampshire Field Club web site.
