

LIST OF HAMPSHIRE MOSSES.

F. I. WARNER, F.L.S.

In compiling this list I have followed the arrangement and nomenclature of the 2nd edition of the "London Catalogue of British Mosses," the numbers also refer to the same Catalogue. The list has no claim to be considered to be a complete and exhaustive list of the mosses occurring in Hampshire, and is offered merely as an instalment. The species named have been collected almost entirely in the neighbourhood of Basingstoke and Winchester.
