EDITORIAL

This volume, the largest ever published by the Society, appears at a time when the Society, faced with declining membership, is vigorously tackling changes in its activities and its publications, in order to strengthen its role as the county society concerned, in particular, with archaeology and history.

Despite the very substantial contribution from the Society's funds to the cost of this volume, its publication would not have been possible without the generous grants acknowledged below. These include grants from the Department of the Environment for the articles by P. J. Fasham (p. 5-40), by M. Oliver and B. Applin (p. 41-92) and by F. R. Aldsworth (p. 93-182); from the Southampton Archaeological Research Committee for the article by J. S. F. Walker (p. 183-216); and from Hampshire County Council, Havant Borough Council and Southampton Corporation Museums and Art Galleries Department. Technical assistance from the staff of the Department of Archaeology, University of Southampton, is also gratefully acknowledged.

Articles intended for publication in the *Proceedings* should be sent to the Hon. Editors, c/o Department of Archaeology, University of Southampton, Southampton SO9 5NH, from whom copies of *Instructions to Contributors* may be obtained. Copy should reach the editors by 1st May in each year.
